teaching as decision making successful practices for the elementary teacher second edition provides comprehensive coverage of the major themes issues concepts and skill areas involved in planning implementing and evaluating instruction

administrators often assume new teachers come prepared with the foundational skills required to be effective teachers not only is this frequently a false assumption but some of these skills do also not fully make sense until a teacher has responsibility for a classroom to assist in the transition process many teachers will attend orientation and be assigned a mentor however they will not receive professional development designed to establish the foundational skills of classroom management direct instruction classroom assessment and professionalism these are the bedrock skills necessary for both short and long term success as a professional educator through concise research based explanations and practical application activities this book is designed to fill this void whether it is read alone in concert with a mentor or as part of a systematic district induction program teachers that master the content of this text will become effective with their students

this text offers a wealth of practical and proven strategies for successfully including students with disabilities in general education classrooms the text provides targeted strategies for the subject and skill areas as well as special needs of individual students with a strong focus on instructional strategies applied to specific student need areas an overall theme of effective differentiated instruction is infused throughout the text relating to those practices that are most closely aligned with academic success the text is unique in its three part coverage of 1 the fundamentals of teaching students with special needs 2 effective general teaching practices and 3 inclusive practices in specific subject areas with a strong focus on instructional strategies and how they are applied to specific student need areas the text goes further by featuring more specific strategies than any other text and extensive information about the most effective strategies available and when and how to use them this strong focus instructs pre service teachers and other education personnel on how they can implement in the classroom specific strategies to address a very wide range of grade levels skill levels academic content areas and extensive and very specific information on strategies teachers can use in the areas of most concern to them e g behavior management handling student confrontations promoting literacy memory for school content motivation to learn maintaining student attention adapting assessment and improving test scores and specific strategies for adapting specific lessons in math science social studies and career and technical education specifically written for pre service or in service special education teachers who will work with general education teachers in k 12 classrooms the text is also relevant for school psychologists counselors support

staff and other school personnel interested in helping all students succeed in the classroom
