i would like to take this opportunity to give you a brief synopsis of how our premise and methodology achieves successful results in eradicating diseases this brief but concise illustration will reveal our premise and methodology to be consistent according to western medical research diseases are a result of the host being infected with a germ virus or bacteria in their approach in treating these infestations inorganic carcinogenic chemicals are employed our research immediately uncovers flaws in their premise through basic deductive reasoning by consistently utilizing the same premise and methods they have consistently yielded ineffective results in essence in the 400 year tradition of the european philosophy of medicine their approach in treating disease has yet to produce any cures in contrast as we examine an african approach to disease it diametrically opposes the present western approach specifically the african bio mineral balance refutes the germ virus bacteria premise

our research reveals that all manifestation of disease finds its genesis when and where the mucous membrane has been compromised for example if there is excess mucous in the bronchial tubes the disease is bronchitis if it is in the lungs the disease is pneumonia in the pancreatic duct it is diabetes in the joints arthritis all of the african bio mineral balance compounds are comprised of natural plants which means its constitution is of an alkaline nature this is important and instrumental in our success in reversing pathologies because disease can only exist in an environment that is acid thus it is inconsistent to utilize inorganic substances when treating disease because they are of an acid base only consistent use of natural botanical remedies will effectively cleanse and detoxify a diseased body reversing it to its intended alkaline state our system of nutrition goes even further in addition to removing the accumulation of years of toxins the african bio mineral balance replaces depleted minerals and rejuvenates damaged cell tissue eroded by the acid diseased state the primary organs of elimination are the skin liver gall bladder lymph glands kidneys and the colon if all toxins are eliminated from the above mentioned organs they will be recycled throughout the entire body manifesting disease eventually the body breaks down in the weakest organs due to its inability to dispel the influence of toxins the colon is the most important organ and must be cleansed by detoxifying before any disease can be reversed if the colon is the only organ cleansed and detoxified the other major organs will be left toxic thus leaving the disease in the body do you want to know about dr sebi dr sebi's dr sebi list of foods dr sebi food list dr sebi dead dr sebi products dr sebi cell food dr sebi recipe dr sebi recipes and how dr sebi cures herpes or dr sebi cure herpes and dr sebi website dr sebi herbalist and alkaline foods dr sebi what else will you find in this book dr sebi cure for cancer dr sebi cure for aids dr sebi detox dr sebi cleanse you will also get to know more about dr sebi alkaline diet book dr sebi recipe book dr sebi approved herbs dr sebi alkaline dr sebi fasting dr sebi diet book dr sebi diet for beginners dr sebi diet for weight loss ready to read further grab yourself a copy now
